

## Is Hiring!

### *Who we are*

We are a small, solutions-oriented crew at a small farm store in Montague, MA. We think and act collectively as we build our business together, keeping communications strong and minds open. Currently a team of 5, we are looking for another strong team member to help support the upcoming plant and vegetable season!

Red Fire North offers a diverse line of locally produced farm products, fresh baked breads, baked goodies, lunch and more. We offer a carefully balanced mix of fresh produce from local sources (primarily Red Fire Farm), value added products (made on site), locally produced/packed food products, and other food items that are recognized to be essential for a healthy diet. Our bakery opened in October of 2018 so we are continuing to craft the foundation of our store. Red Fire North exists to provide food for our community that sustains the health of the Eater and the health of the Planet.

We work hard to limit waste, encourage sustainability and be innovative in our work space. RFN is currently developing a bread CSA and exploring new options in the bakery as we take on a breadth of operations.

### *Who you are*

A motivated, enthusiastic individual who cares about supporting local and organic food and a strong local economy. Well versed in customer service, passionate about healthy food and communicating its importance to our customers. Attentive to detail with the eye for efficiency and best practices. Experience with gardening/farming/working outdoors is helpful. You are versatile and open to wearing many hats, whether outside keeping our plant friends happy, inside helping to setup the bakery or assisting our customers. Flexible and adaptable, able to work autonomously and as a team member. Comfortable opening and closing the store as well as maneuvering all things food service.

### *Details & How to apply*

Hiring for a (ideally) co-managerial position. Approximately 15-20 hours a week with the potential for more hours as training continues. Pay is commensurate with experience starting at \$12/hr.
